HRMS - Multi-Step Leave Workflow

Employee -> Line Manager (#1) -> HOD (#2) -> HR Intimation -> End of Journey

1. Workflow Architecture & Path

- Stage 1: Employee applies for leave -> System sets stage to line_manager and notifies Line Manager.
- Stage 2: Line Manager (Dept Manager) reviews and approves (Approval #1) -> Forwards to HOD.
- Stage 3: Head of Department (HOD) grants final approval (Approval #2) -> Sets status to approved.
- Stage 4: Automated HR Intimation is delivered to HR Administrators for payroll & compliance logging.
- Stage 5: End of Journey -> Employee receives confirmation and calendar is updated.
